Bilijardai

JSC Bilijardai has been breaking boundaries with world class craftsmanship and innovations since 1994. We are proud to introduce to you our Pronto series of billiard tables - seriously modern, seriously convenient! We have pushed the limits of what a billiard table can and should be in the modern world. The Pronto series is a professional level billiard table sized and styled to meet your personal needs. Pronto tables easily and conveniently convert into gorgeous dining tables or office desks. Your guests will never know what hides inside until you surprise them with the offer of a good game! We/JSC Bilijardai strive to offer our customers superior quality billiard tables that are unique in design for a fraction of the price. For the quality you get at the prices we offer, you can feel confident you have bought the BEST! Please take a look at some of the ready-to-play styles we offer. All of these styles can be adapted to your preference using a wide selection of different stains, table tops, legs, frames, and felt colors! Please visit page 9 for more information. No matter where you live - city, suburbs, or country, Pronto series will be your perfect fit! We look forward to helping you get your game on!

Sincerely,
The JSC Bilijardai Team

Pronto Vision - A dual-purpose pool/dining or pool/work table-in-one executed to perfection!

Pronto tables are durable and strong because of their combined wood and metal interior structure. Yet they are elegant and warm because of their natural wood exterior. Pronto tables meet all your dining and work needs, as well as your leisure needs. Place the glass or wood table top on top of your table and dine or work on a gorgeous table of standard height suitable to pair with most conventional chairs. Remove the table top and use a state-of-the-art lifting mechanism to adjust your table to a regulation pool table height. This exceptional pool table has an excellent ball rebound because the rails, 'Professional Billiard Slate', and the frame are all integrated into each other. Choose between traditional elastic ball pockets or a unique collection system built into the table's interior. Most importantly, enjoy!

209 cm x 119 cm	82" x 47"
228 cm x 128,5 cm	90" x 51"
253 cm x 141 cm	100" x 56"

Birch, painted in colour E8, glossy, LED

Whether you are trying to impress your guests at the dinner table or simply looking for some ambiance in a dimmed room after hard day of work, both models feature LED lit legs in a variety of colors choices, as well as the option of having LED lighting inside the pockets which can be turned on with a switch and seen through a clear or frosted glass table top ... The LED lights on the legs can either be plugged directly into a nearby socket or come battery powered with a well hidden battery compartment.

For seating we offer comfortable benches that come in three different sizes and an optional storage feature for you to keep your game accessories hidden away. An optional cart with wheels can be used as a magazine table or storage cart to place a dining top on whenever you are ready for some game time. Seating can be customized to match the colors of your table by choosing different wood and cushion leather finishes.

Whether your goal is to make this table the centerpiece of your interior design or you are simply trying to blend it into your existing décor, our extensive palette of more than 20 different colors with semi-opaque, matte or glossy finish options, solid birch, ash or oak wood frame options and 25 different colors cloth options for you to choose from will definitely let you achieve the desired effect.
